## WHY DO WE NEED IT ?

Despite of many wonders of science and industry, modern life is fraught with stress. Industrial agriculture has burdened us with increasing exposure to unhealthy processed and packaged food. These industrial exposures are harmful for all the metabolic processes and is associated with chronic inflammation and a greater risk of diabetes, heart disease and stroke. To encounter metabolic stress through normalization of blood glucose, blood pressure and lipid levels, and psychological stress through positive effects on memory and cognitive function we need a multipurpose stress adaptogen, Immune system adaptive element in stressful conditions.

## WHY CHOOSE ORGANIC PANCH TULSI DROP ?

It is one of the best examples of Ayurveda's holistic lifestyle approach to health. Considered as a potent adaptogen, Panch Tulsi and Ginger have a unique combination of pharmacological actions that promote well-being and resilience.

## HOW DOES IT WORK ?

This combination increases anti-oxidant molecules such as glutathione and enhancing the activity of anti-oxidant enzymes such as superoxide dismutase and catalase, which protect cellular organelles and membranes by mopping up damaging free radicals caused by lack of oxygen. Tulsi enhances aerobic metabolism, reduces oxidative tissue damage and normalizes many physiological and biochemical parameters caused by physical stressors and Ginger lowers blood sugar level by improving HbA1c.

## RECOMMENDED DOSAGE

Take 1-2 drops in a glass of water/tea or lasi 4-5 times a day.

Children below the age of 12 years, Pregnant or Lactating women are advised to consult a doctor before using.
