WHY DO WE NEED IT ?

Our body composed of essential and non-essential nutrients. These are the building blocks of human body. They are categorized as proteins, fats, carbohydrates, vitamins, minerals or essential and non-essential nutrients and perform the vital functions. Essential nutrients are nutrients that the body cannot make or produce in sufficient quantities. Essential nutrients must be obtained through the diet like vegetables and fruits. Fruits are rich in not just vitamins and minerals but also phytochemicals, natural plant-based compounds that appear to have a variety of health benefits. Hence a product is required with multiple benefits related to essential and non-essential minerals both.

WHY CHOOSE BERRY PLUS+ ?

Berry Plus+ is a nutraceutical consisting of 174 berries extracts which make it a strong antioxidant formula due to anthocyanins to prevent the disruption of cellular integrity and keeps the DNA molecules intact.

HOW DOES IT WORK ?

Berry Plus+ consist of a set of phenolic phytochemicals particularly anthocyanin. These dietary intakes stimulates the growth of beneficial gut bacteria like Akkermansia which inhibits fat storage, enhances Insulin sensitivity and provides our immune system anti-inflammatory responses.
